

TORONTO

ANIMAL HEALTH PARTNERS

EMERGENCY AND SPECIALTY HOSPITAL

The ***Toronto Animal Health Partners Emergency and Specialty Hospital (AHP)*** is seeking applications for a board-certified small animal surgeon to provide clinical services and support for our speciality practice. The successful applicant will join our team of veterinary specialists offering services in 24/7 emergency medicine, critical care, oncology, radiology and diagnostic imaging, neurology, cardiology, and surgery.

AHP is a state of the art facility with advanced imaging including CT, 3Tesla MRI, advanced surgical equipment which includes surgical planning and navigation tools from 7D Surgical. A full range of flexible and rigid laparoscopic and endoscopic equipment will be available. Cardiac ultrasounds will be performed by a boarded cardiologist and abdominal ultrasounds will be performed by board-certified specialists.

AHP's mandate is to increase the quality of care for companion animals through knowledge transfer among and between human and veterinary clinicians, together creating leading patient care outcomes. We will adopt a team-based approach to offer compassionate treatment, offering novel protocols and therapeutics. We have established a joint comparative oncology program which will encompass radiology, radiation, surgery and pathology. There will be ample opportunities for research-oriented clinicians to be involved in clinical research with thought leaders in both veterinary and human medicine.

AHP is centrally located just South-East of the junction of the 401/404/DVP, all areas of the City are within quick access.

If you are interested in this opportunity, please contact:

Alan Norris, DVM, Diplomate ACVIM
